November 2007

Greetings in the name of our Lord Jesus Christ, This year has gone so fast and the ends almost here. We are all getting ready for the Christmas holidays and are more than looking forward to the break away.

Since the last letter we have had a youth camp at Morning Glory near Campbelltown. It was good to see all the youth again and meet some new people. These camps have allowed Alex and I to work with the youth from the east coast and help them learn about our Lord Jesus Christ. It was so encouraging to see how many hands were raised when the kids were asked who already were Christians. We believe now that we need to focus on the Christian youth and help them mature and grow in Christ so they can become equipped to run future youth camps. Please help us to pray for this. We are currently still having church services in our home and have now two women who attend every week. It is slow and small but thank the Lord He blesses us anyway. We also have Sunday school every week and there are 3-5 regulars that come also.

In the past month I have been given an opportunity to work at the Wyong Primary School as a tutor. Thank the Lord this job has allowed me to reach and share with the kids.

**Alexandra** is still as lovely today as she has always been. She is still at home looking after Benji who is growing up so fast. Still playing the guitar in church and doing Sunday school. My wife is doing well.

**Amy and Brendon** are doing well also with their little family. They are now in their own place and are expecting their second child in March. Taylah is getting bigger every day and will soon be turning one on the seventh of December. Brendon is still working in mental health and has currently finished his first year at Uni.

**Sarah** has been working for the past three months at the New South Wales Aboriginal Land Council office in Wyong. This job has given her the chance to meet new cousins around the place. The job was at first only offered for three months but she has since been given the chance to work

until the end of the year or maybe even into next year. Sarah has also applied to go to TAFE next year to study Childcare.

**Jenice** is in Brisbane living with Alex's sister where she has been since June. She currently has a job working in the local High School up there as a tutor and seems to enjoy it. She is also helping the Inala youth out of a Friday night. Jenice also has filled in for TAFE with Sarah next year but has also applied for Uni. She has also been offered her job on a fulltime basis for next year so please pray that the Lord will show her what He wants.

**Emily** has been good and is currently sitting her year 10 exams for her certificate. She is very happy that she will be finished school for the year at the end of the week. Not quite sixteen, Emily is excited that she soon will be able to go for her licence as she is very keen to drive.

**Cody** is at the end of year two, and seems to be liking it. He has not seen any family for a while and is finding it very hard. Please pray that he will get to see them soon as we really think he needs to see them and be with family.

**Kyah** is getting to be a real big woman. She will be finished her pre-school at the end of this year and is going to big school. She has currently been doing orientation days and seems to like it very well. She is finding it hard to listen and sit still but with time she will learn. Kyah also is turning five this Thursday and will get to see all her family for a party.

**Benji** is growing so fast and is now unstoppable. He is gotten louder and faster and is turning into a real big man. He is starting to say a few words and loves his niece Taylah. He only recently got his first proper hair cut and looks much older. This little boy thinks he owns the place and loves to run around and play.

Well that's all that's going on from us mob at the moment. We are now just getting ready for the Christmas holidays and can't wait. We are hoping to go away for a few weeks so Lord willing that will happen.

Keep us all in your prayers .
