A short visit to Mareeba & sharing in the Sunday worship was a happy experience early April 2014. It was good to see church in such 'good place' - working together & making God known in the community. Hazel Morris Read on:-

Vincent Mathieson, with wife Veronica have been asked by the church to be their minister. The 'living church', fruitful happenings, the buildings and grounds all tell the benefit of this God Placement. We saw a church family serving God, working together, and caring for others. Praise God! It has been a step of faith to the Church and AICF for the needed salary support. We thank God for Churches and friends committing to help. Still \$\$ needed. Vincent continues his 'Christian Leadership and Theology Studies' with Wontulp-Bi- Buysa College, Cairns

Morning Worship & below part of the Music Team . Some 20-25 Sunday School children & teachers had left to enjoy their special Easter focus session & activities.

Over the Easter Weekend an outreach and fellowship weekend was shared with a visit to the Normanton Church. Fellowship was warm and the weather HOT!

Sunday School at Mareeba has had a series focusing on Easter. Following a dramatization of the Easter events the children selected an event that was special for them and illustrated it.

Rachael Cole and Berylene Luguthur are leading the art activity.

The Church has enjoyed two visits from Murray Thomson — their previous minister. Murray, now Team Leader of Community Chaplains came with two Chaplains to consider with the Mareeba leaders information on cross cultural issues that would benefit the interaction of Chaplains in their day to day ministries.

Baptisms:

Three from Mareeba Fellowship were baptized at Emerald Creek on Sunday 9th March.

It was a very special day as they proclaimed their belief, and commitment to follow Jesus as Saviour and Lord.

The Community Chaplains visit coincided with this special day. What a special experience to share!
